Detector Development Meeting Mini-Doctoral Training Centre

Prof. Adrian Bevan
26th November 2020

detectors@qmul.ac.uk

QMUL have an internal competition for a mini doctoral training centre

- What is the opportunity?
 - Matched funding for PhD students on a focused programme
 - Cohort of up to 3 PhD students
- Why does QM provide partial PhD student funding?
 - Aim: build a track record to underpin a future bid to UKRI for a full doctoral training centre, with industry partners fully integrated
- What are we looking for?
 - Matched funding or any other contributions including training, in-kind contributions, sponsorship for internship,
- Support from industry is sought now as the deadline is next Friday
